ISTA

2014

## Biology Strategies to support Teaching and Learning

An opportunity for Biology teachers to try various strategies designed to support the teaching and learning of biology. These strategies include ICT games, new drag and drop kinaesthetic activities, dominoes, loop games, models, reading for meaning, crosswords and more.

The topics that we will focus on in this workshop include:

- Mitosis
- Micro-organisms
- Ecology
- Plants
- Using ICT in biology

There will be hands on IT stations for you to learn and create your own domino, loop games and study stacks for biology.

**Venue: NUI Galway Saturday April 12th @ 9.30am**

**Book online @ <http://goo.gl/f9J0Uc>**
